The performance data shown represents past performance of the Portfolios and is not a guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. The returns shown reflect total return for the period ending March 30, 2012 less the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The returns shown do not reflect the $50 annual account maintenance fee and would be lower if they did. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine (FAME). Investment return will fluctuate with market conditions. Non-qualified withdrawals are subject to a 10% additional federal tax and ordinary income tax on the earnings.

(1) All existing Units in the Client Select Series Portfolios held by Participants, except Program Manager Employees, as of September 20, 2004 were automatically converted to S Units. Prior to September 20, 2004, this Unit Class was an undesignated Unit Class. The S Units are not available for purchase, but may be obtained through permitted exchanges of existing S Units.
(2) There is no sales charge or contingent deferred sales charge on S Units.
(3) Prior to November 20, 2010, the Principal Plus Portfolio invested exclusively in a single guaranteed insurance contract ("GIC") issued by an insurance company. Beginning on November 20, 2010, the Principal Plus Portfolio began to invest new Contributions in the Cash Allocation Account. If a portion of the Principal Plus Portfolio had been invested in the Cash Allocation Account during the periods prior to November 20, 2010, the performance of the Principal Plus Portfolio would have been lower. On February 27, 2012, the Principal Plus Portfolio reallocated its assets in the Cash Allocation Account to the Bank Deposit Account. If a portion of the Principal Plus Portfolio had been deposited in the Bank Deposit Account during the periods prior to February 27, 2012, the performance of the Principal Plus Portfolio may have been lower. Transamerica Life Insurance Company (Transamerica) has issued the initial GIC and guarantees principal allocated to the GIC, accumulated interest and future interest rates to the Investment Fund. Transamerica's commitment to the Investment Fund is based solely on its ability to pay its obligation from its general account. The commitment to the Investment Fund is not secured by any collateral.

(1) A Units of the Client Select Series Portfolios were not offered prior to September 20, 2004.
(2) The return of the NextGen Savings Portfolio is based on the interest rate paid by Bank of America, N.A. (the "Bank") on the deposits of the NextGen Savings Portfolio, which will vary over time at the Bank's discretion without notice. The Program Manager and FAME do not currently charge any fees for the NextGen Savings Portfolio, but reserve the right to do so in the future. Any such fees would reduce the return shown for the NextGen Savings Portfolio.
(3) Prior to November 20, 2010, the Principal Plus Portfolio invested exclusively in a single guaranteed insurance contract ("GIC") issued by an insurance company. Beginning on November 20, 2010, the Principal Plus Portfolio began to invest new Contributions in the Cash Allocation Account. If a portion of the Principal Plus Portfolio had been invested in the Cash Allocation Account during the periods prior to November 20, 2010, the performance of the Principal Plus Portfolio would have been lower. On February 27, 2012, the Principal Plus Portfolio reallocated its assets in the Cash Allocation Account to the Bank Deposit Account. If a portion of the Principal Plus Portfolio had been deposited in the Bank Deposit Account during the periods prior to February 27, 2012, the performance of the Principal Plus Portfolio may have been lower. Transamerica Life Insurance Company (Transamerica) has issued the initial GIC and guarantees principal allocated to the GIC, accumulated interest and future interest rates to the Investment Fund. Transamerica's commitment to the Investment Fund is based solely on its ability to pay its obligation from its general account. The commitment to the Investment Fund is not secured by any collateral.

* Since inception returns for periods of less than one year are not annualized. Please note that there are limitations when viewing short-term performance results in portfolios with less than one year of performance. This short-term performance may not be achieved over longer time periods.

The performance data shown represents past performance of the Portfolios and is not a guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. The returns shown reflect total return for the period ending March 30, 2012 less the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The returns shown do not reflect the $50 annual account maintenance fee and would be lower if they did. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine (FAME). Investment return will fluctuate with market conditions. Non-qualified withdrawals are subject to a 10% additional federal tax and ordinary income tax on the earnings. Performance data with a sales charge shown reflects a contingent deferred sales charge of 1.00% on all Portfolios (except the Principal Plus Portfolio and the NextGen Savings Portfolio) or 0.25% with respect to the Principal Plus Portfolio in the first year after purchase. There is no contingent deferred sales charge with respect to the NextGen Savings Portfolio.

If a portion of the Principal Plus Portfolio had been deposited in the Bank Deposit Account during the periods prior to February 27, 2012, the performance of the Principal Plus Portfolio may have been lower. Transamerica Life Insurance Company (Transamerica) has issued the initial GIC and guarantees principal allocated to the GIC, accumulated interest and future interest rates to the Investment Fund. Transamerica's commitment to the Investment Fund is based solely on its ability to pay its obligation from its general account. The commitment to the Investment Fund is not secured by any collateral.

* Since inception returns for periods of less than one year are not annualized. Please note that there are limitations when viewing short-term performance results in portfolios with less than one year of performance. This short-term performance may not be achieved over longer time periods.

The performance data shown represents past performance of the Portfolios and is not a guarantee of future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. The returns shown reflect total return for the period ending March 30, 2012 less the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The returns shown do not reflect the $50 annual account maintenance fee and would be lower if they did. Non-qualified withdrawals are subject to a 10% additional federal tax and ordinary income tax on the earnings.
