**Please note the following conditions regarding use of matching grant funds:**

- The Maine Matching Grant Program is subject to additional terms and conditions. No Participant or Designated Beneficiary is guaranteed a benefit under the program, the terms and availability of which are subject to change at any time. Matching grant funds may only be used for withdrawals for "Qualified Higher Education Expenses" as defined Section 529 of the Internal Revenue Code and Section 472 of the Higher Education Act. See the Program Description for an explanation of qualified higher education expenses.
- Matching grant funds, including earnings on matching funds, should be fully used before other assets in the NextGen Account are used for qualified higher education expenses.
- A NextGen Participant may not withdraw NextGen Initial Matching Grant amounts allocated to a NextGen account for twenty-four (24) months following the opening of the NextGen account. However, Initial Matching Grant funds may be used twelve (12) months after the account has been opened if the account is opened by and for an individual participating in the Maine Lifelong Learning Account Program (Maine LiLA Program) in conjunction with the Maine Department of Labor.
- The NextGen Matching Grant Program has been designed so that the matching grant, including the earnings, if any, used for certain qualified higher education expenses, will be treated as a scholarship as defined by the Internal Revenue Code. The award can be used for tuition and fees required for enrollment or attendance or fees, books, supplies and equipment required for courses of instruction at the eligible institution. However, any portion of the award used as payment for room and board costs may be subject to federal and/or state income tax and should be reported by the Participant or Designated Beneficiary (as required) to the Internal Revenue Service when filing his or her tax return. Similarly, any portion of a matching grant award used to pay for qualified higher education expenses at correspondence schools may not be eligible for federal and/or state tax-exempt treatment.
